Dear Mayor and Commissioners:

I am writing in support of the Marine Stadium proposal.

As founder of the Greater Miami and the Beaches Hotel Association as well as a founder of the Greater Miami Convention and Visitors Bureau, I know the importance of tourism. As Director Emeritus of the Arsht Center I also know the important of community.

Just as important as tourism is a sense of community, those such as the Arsht Center that not only attract visitors but brings the community together. We as Miamians take great pride in our history and traditions.

Restoring the Stadium, the only one of its kind in the United States, under the leadership of the largest entertainment and venue operator in the country, with no cost to the citizens of Miami, is what's at stake.

Studies have been done indicating the viability of the Stadium.

It's time to let the voters of Miami voice their opinion .

Stu Blumberg
